INMODE

INTRODUCING THE BEST VERSION OF YOU.

Discover QuantumRF by InMode, an advanced minimally invasive technology designed to deliver superior soft tissue contraction to address your facial and body concerns. These innovative procedures deploy clinically proven radiofrequency energy to target different tissue depths and produce exceptional outcomes.

With QuantumRF, you can achieve a refreshed, natural-looking appearance with just one session.

**ADVANCED TECHNOLOGY.
ENHANCED TREATMENTS.
EXCEPTIONAL RESULTS.**

YOUR PATH TO A BEAUTIFUL LOOK.

QUANTUMRF

QuantumRF is available in three handpieces: 25, 17, and 10. This innovative technology addresses the needs of your unique anatomy and personal goals. All procedures are customizable, allowing your provider to tailor each treatment specifically to you.

Performed right in your practitioner's office, QuantumRF procedures are safe, precise, and efficacious. With shorter downtimes you can achieve exceptional results and get back to your daily routine quickly and confidently.

Take control of your face, body, and self-confidence.

Look as incredible as you feel.
