# NAD+ & Sermorelin Bundle

## Overview

NAD+ and Sermorelin have become cornerstone therapies in many wellness and longevity practices. By supporting both cellular energy production and the body's natural growth hormone cycle, this powerful combination helps address some of the most common goals of today's health-conscious patients.

Together, they may help promote sustained energy, restorative sleep, exercise recovery, healthy aging, cognitive function, and overall wellness by supporting the body's natural regenerative processes.

## Ingredients

- 10mL NAD+ Injection 100mg/mL
- 10mL Sermorelin Acetate Injection 0.9mg/mL

## Storage

Store both products under refrigeration. Protect from light.

## Precautions

Avoid if you have an allergy or sensitivity to either products or ingredients, active or recurrent cancer, hypothyroidism, or liver impairment.
